### **DETAILED ACTION**

1. This application is responsive to application number (10/539207) filed on June 17, 2005. Claims 1-7 are pending and have been examined.

### ***Claim Objections***

2. Claims 1 and 3-7 objected to because of the following informalities: These claims add quotation marks around Spatial Video Codecs that add no value to the novelty of the claims and the examiner would like to see them removed for consistency among the claims. Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

3. Claim(s) 1 line 12 recites the limitation "the theoretical MSE". There is insufficient antecedent basis for this limitation in the claim.
